Professional Experience

Atlassian • Contract   February 2020 - Present
Full-Stack Developer

Launched retiring old content on Atlassian support docs (support.atlassian.com).

Led project efforts on TypeScript conversion and helped lead CI / CD pipeline improvements.

TypeScript   JavaScript   React   Express   GraphQL   Docker   Contentful CMS

Smartly.io   September 2018 - November 2019
Full-Stack Developer

Developed the text engine for the company's web-based video editor and renderer, which has produced millions of video ads for Fortune 500 customers.

Implemented the video and image management system (Rails, TypeScript) integrated across the company's core offerings, enhancing customers' experience in creating ad campaigns (100% of company revenue).

Owned the company UI component library (React, TypeScript) in close collaboration with product designers.

Interviewed engineering candidates on a survey of front-end, back-end and general technical software skills.

TypeScript   JavaScript   React   Redux   Ruby   Rails   PHP   Python   Docker

Gofore   February 2018 - September 2018
Software Developer

Founded and led a project to automate the company's internal cloud billing processes, reducing management costs by €1000s per month and improving reliability of billing processes.

Utilized natural language chat bot solutions (DialogFlow) on internal sales data to help developers and designers request relevant projects using technologies of their interests.

Python   Flask   JavaScript   TypeScript   Node.js   React   Redux   Angular 2   Express   AWS S3   AWS Lambda

Pearson Education   May 2015 - August 2015
Full-Stack Intern (AngularJS, Express)

Developed a data visualization tool for over 1000 employees, replacing an expensive OracleSQL tool, while improving the efficiency of the development-testing lifecycle.

SolarWinds   June 2016 - August 2016
UI Intern (Angular)

Educational Design Studios   June 2013 - June 2014
Full-Stack Intern (Ruby)

Rackspace Hosting   June 2013 - August 2013
Full-Stack Intern (Ruby)

Skills

Programming Languages
JavaScript   TypeScript   Ruby   Python   Java   C#   PHP   C   C++   Rust
